Read the sentence started in 2 nd line on p. 28 of PROCEEDINGS OF THE FUJI-HARA MEMORIAL FACULTY OF ENFINEERING KEIO UNIVERSITY, Vol. 13, No. 48, 1960 as: Thus, we have been able to express the relationship between the higher harmonic amplitude and out-of-roundness error in the out- of- roundness curve in eq. (20), that between the higher harmonic amplitude and non-Gleichdicke deflection in the non-Gleichdicke deflection curve in eq. (23) and that between the higher harmonic amplitude and Gleichdicke deflection in the Gleich-dicke deflection curve in eq. (24).
