Keio Engineering Reports (formerly Proceedings of the Fujihara Memorial Faculty of Engineering, Keio University) is published irregularly by the Faculty of Engineering, Keio University, Yokohawa, Japan.

The annual index will show a total number of articles published in a year.

For the information on the availability of this publication, write to:
The Editorial Office
Faculty of Engineering
Keio University
Kohoku-ku, Yokohama-shi
Kanagawa 223
Japan

Printed in Japan.

EDITORIAL SCOPE

Keio Engineering Reports is an official publication of the Faculty of Engineering, Keio University. Its purpose is to present domestic and foreign colleagues with theoretical and experimental works of research value contributed by those associated with the Faculty of Engineering.

The topics of the papers cover such broad fields as mechanical engineering, electrical engineering, chemistry, chemical technology, applied physics, instrumentation engineering, administration engineering and mathematical science.

EXCERPTS FROM INSTRUCTIONS FOR AUTHORS

- 1). An author must in principle be a member of the Faculty of Engineering, Keio University. A non-member author is required to receive permission from the Editorial Board for his paper to be accepted for publication.
- 2). A manuscript, in the language of English, German or French, must be original. However, an author may contribute, with appropriate reference to the original publication, the translation in any of the above languages of his paper that appeared elsewhere in Japanese less than a year previously.
- 3). The Editorial Board reserves the right to return a manuscript for rewriting or any alterations.
